

Information and Registration

Further separate announcements for all events (except for the individual retreat) will be sent a few weeks before each event, containing all information you need to know in advance as well as the links to the online registration form. Please join our mailing list on www.oneness-of-life.org, if you have not received our announcements and would like to do so.

Accommodation and Meals

There is private retreat accommodation locally, which we organize and distribute by request. Furthermore there are hotels nearby which are booked directly with them. We are happy to send a list of hotels on demand.

Tea und cake are provided during the breaks of all events. Further meals are offered at events lasting more than one day (except for the Individual Retreat) and can be booked separately. Precise details will be given in the actual announcements.

Lead by

ANGELA FISCHER is a Sufi mystic and author. She has lead spiritual seminars and retreats since the beginning of the 1980s, is founder of ONENESS OF LIFE and has written several books imparting knowledge and guidance gained from those experiences.

Her work inspires the inner path in a world of increasing crisis and places high value on connecting spirituality and everyday life. It is in this unity that the sacred in life and in creation can be recognized again and lived with love. Hereby the devotion towards the forgotten Feminine - in women and men - and the care for the Earth play an important part.

The foundation of Angela Fischer's life and work is the Sufi path (www.goldensufi.org), that she has followed for more than three decades.
